

2-1991

SEARCHERS GEM AND MINERAL SOCIETY, INC.
Established June 20, 1958
Mailing Address: P. O. Box 3492, Anaheim, CA 92803

CLUB OFFICERS

President	Jim Williamson	995-9080
1st Vice President	Wes Miller	522-7383
2nd Vice President	Walter Mroch	826-2132
Secretary	Lola Tapia	776-9815
Treasurer	Marie Cole	639-7983
Federation Delegate	Elmer Parsons	870-5495
Director	Dennis Van Kampen	521-4180

COMITTEE CHAIRPERSONS

Historian	Jan Gillette	776-9467
Anaheim Arts Council	Mae Freedman, Marge Neeley	774-6665
1991 Show Chairman	Merle Howe, Bud Henderson	529-3613
Bulletin Editor	Marge Jordan, Jeanne Howe	897-2407
Bulletin Mailout	Betty Henderson	772-1996
Cultural Arts	Carl Pitzler	525-4389
Membership	Bob LaVariere, Milly Arvanites	541-4727
Public Lands	Elmer Parsons	870-5495
Hospitality	Bobbie Wayne	(213)431-4759
Sunshine	Doris Pelfrey, Froma Reiter	774-2754
Veterans Coordinator	Jim Everitt	525-7710
Monthly Drawing	Floyd Neeley	535-2030
Social Director	Joel Swanson	750-4723
Longterm Planning	Dennis Van Kampen	521-4180
Meeting Host	Bill Keyes	535-1489

*Second named Chairperson is Assistant, see Club Roster for phone.

AFFILIATIONS: California Federation of Mineralogical Societies
American Federation of Mineralogical Societies

The Searchers Gem and Mineral Society, Inc., meets on the third Thursday of each month at the Anaheim Cultural Arts Center, 931 North Harbor Blvd., Anaheim. Meetings begin at 7:30 PM. Visitors are always welcome.

Membership dues are accepted January thru September. Adult members: \$10.00 each, and Junior members \$2.00 each.

Field Trips are usually held on the second weekend of each month. These are announced monthly. Trip maps, added activities, time changes and other pertinent information will be published in the bulletin.

Board meetings are held on the first Thursday of each month at the Cultural Arts Center at 7:30 PM.

WORKSHOPS: Lapidary every Thursday except the third Thursday each month, 6:30 PM - 9:00 PM (MEMBERS ONLY).

Silversmithing - Anaheim Cultural Arts Center
Thursday, Noon - 4:00 PM.

Deadline for items to be included in the bulletin is the second (2nd) Thursday of each month. Please mail all items to: Marge Jordan, 12161 Bartlett Street, Garden Grove, CA 92645.

PRESIDENT'S MESSAGE

Tonight 1991's Slate of Officers will be filled out with the installation of our President Elect. I'm sure Alice will find her term in office as rewarding as I have. The continued support of the membership takes most of the work out of the job.

With this month's Bulletin, you will find a copy of the Club's "Job Duties" package. This package should be most helpful for new and established members alike. Please remove this package and keep it for future reference.

The Rock and Story Swap was a very successful event. The Club Members present enjoyed good company and the weather was nice too!

Jim Williamson

DUES

Dues are due and if you haven't paid yours, you are running out of time. March 1st is the deadline for Roster Publication and Mailing list. Don't miss out! Don't be late!

4th ANNUAL ROCK & STORY SWAP/ALUMINUM CAN DRIVE

Saturday, January 26th, approximately 30 Searchers assembled for a Rock and Story Swap. A lot of super rock from across the U. S. was available. However, I'm not sure there weren't more stories to be swapped than rock. The weather was great and a good time was had by all!

The aluminum can drive was a huge success: a total of 592.5 lbs. of Aluminum cans were turned in for a total of \$562.72 plus a \$5.00 donation for a grand total of \$567.72.

OUTSTANDING !!

However, there was just one point left to address. Last year Wells Erthal donated over 200 lbs. of cans. This year it was: Wells Erthal, 497.5 lbs. - Searchers, 95 lbs. Congratulations Wells.

ANAHEIM ARTS COUNCIL

MARCH 2ND is the date for Council's annual Soiree. Searcher members will be helping with the silent and live auctions.

Funds raised by the Soiree will go to the aid of member groups of the Arts Council.

Donations for the silent auction are always welcome. Please contact Mae Freedman or Margaret Neeley. More next month following the Soiree.

Mae Freedman

SHOW DATES:

- Mar 2 & 3 Monrovia Rockhounds, Inc
Masonic Temple
204 W. Foothill
Monrovia, CA
Hours: Mar 2 - 10:00 AM to 6:00 PM
Mar 3 - 10:00 AM to 5:00 PM
- Mar 15, 16 & 17 San Diego Mineral and Gem Society
Scottish Rite Temple
1895 Camino del Rio South
San Diego, CA
Hours: Mar 15 - 10:00 AM to 6:00 PM (Kids Day)
Mar 16 - 10:00 AM to 6:00 PM
Mar 17 - 10:00 AM to 5:00 PM
- Mar 16 & 17 Norwalk Rockhounds
Masonic Temple
12345 Rosecrans
Norwalk, CA
Hours: Mar 16 - 9:00 AM to 6:00 PM
Mar 17 - 9:00 AM to 5:00 PM
- Mar 16 & 17 Pasadena Lapidary Society
Lamanda Park Masonic Temple
2425 Seneca Street
Pasadena, CA
Hours: Mar 16 - 10:00 AM to 6:00 PM
Mar 17 - 10:00 AM to 5:00 PM
- Mar 23 & 24 South Bay Lapidary & Mineral Society
Torrance Recreation Center
3341 Torrance Blvd
Torrance, CA
Hours: Mar 23 - 10:00 AM to 6:00 PM
Mar 24 - 10:00 AM to 5:00 PM

FROM OUR OWN SHOW CHAIRMAN:

Hello again! This is the third time you have asked me to be Show Chairman. Thank you. On one show three inches of rain fell. On the next we had the gas shortage. Let's wait and see what this one brings!

We had our first meeting on January 24th. It was a great success. All things seem to be falling in to place. Next meeting is February 28.

We hope to have donation award tickets tonight. Please pick up your set. Postage is so high now it really eats into the profits.

I would like to see us sign up all clipboards for jobs on the first night. Then we would not have to constantly pass them around. THAT would be so nice!

Merle Howe - Bud Henderson

FEDERATION REPORT

The CFMS Endowment Fund will be selling the Mineral Heritage Posters along with the stationery that matches. Many write notes to friends and relatives. Just think what joy friends will have opening a note from YOU and seeing the sabre-tooth cat peeking out of the envelope. These may be ordered from Shirley Leeson, 6155 Hass, La Mesa, CA 92042.

The Searcher's Gem and Mineral Soc. was listed as a Patron Society for having donated \$100 plus \$1 per member.

The last opportunity to enroll in the CFMS Earth Science Studies at ZYZX is March 1, 1991. There will be field trips, daily classes in silver fabrication, carving, wire wrap and bead stringing. See me for registration forms.

The following are some items of "What A Society Can Do For the Federaton"

1. Appoint a Federation Director
2. Offer to host seminars or workshops
3. Host a Federation Show and Convention.
4. Feel free to communicate with the various officers and chairmen of the Federation.
5. Participate in the CFMS Show by exhibiting a case of material, demonstrating, or just attending.
6. Participate in the Public Lands Programs
7. Make up slide programs and send them to the CFMS Program Chairperson.
8. Submit program ideas, new speakers and sources to the CFMS Program Chairperson
9. Make certain all members know and observe the "CODE OF ETHICS".
10. Support the CFMS in all ways.

What benefits do you receive by belonging to a Member Society of the California Federation of Mineralogical Societies for \$1.00?

1. Field trip workshops
2. Exhibitors workshops
3. Editors workshops
4. Podium People
5. Slide programs
6. Society aids manual
7. CFMS Newsletter
8. Public land advisory committee
9. Museum Committee

I understand the Desert Protection Acts have been reintroduced but have not found out the Senate and House numbers. If anyone knows or finds them please let me know.

Elmer Parsons

Dear Fellow Rockhounds:

As was stated at your Federation Meeting during the AFMS National Show in Ventura, CA, it was voted we would sponsor a VISA Card with the AFMS Logo on it.

This program would bring some much needed money into the AFMS treasury. At the present time, the AFMS gets only twenty-five cents (25¢) per member from the respective federations.

Here is how the program works: For every person who sends back the application for either the Gold or Silver card, and it is approved, the AFMS will get one dollar (\$1.00) plus twenty-five cents (25¢) each time the card is used. All fees are waived the first year. Upon renewal after the first year, the fee will be based on which card you have. If you do renew, then the AFMS will get three dollars (\$3.00) and continue to get the twenty-five cents (25¢) for each use.

All you, the clubs, have to do is send a copy of your roster with names and addresses to Dan McLennan, at the Central Office (address on left of this letter). He will, in turn, forward it to the company who is issuing the card. If, after you as an individual, do not want to receive anything more from the people, then let Dan know and he will see that your name is taken off the list.

An agreement in the contract states that the company will not, and cannot, sell or give away the list with our names on it.

This proposal was discussed very thoroughly at a special meeting on Tuesday prior to the Cracker Barrel session. Then, at the general business meeting on Wednesday, it was seen as a way to get badly needed money into the AFMS treasury.

It is hoped that everyone will at least take a card for the first year, even if you do not use it.

To clarify a point, the AFMS Endowment Fund money (interest only), can be used to help on special items for the AFMS, and not the general fund.

Remember, there are two (2) types of cards with very good benefits. Please, at least let the information be sent to you in order that you may decide with all the facts at your disposal.

Thanking you in advance for your consideration and support,

Gene Powell
GENE POWELL

Chm., Long Range Planning

THURSDAY JEWELRY MAKING CLASSES:

Our Silversmithing, Scrimshaw and Wire Wrapping group will meet the following Thursdays from 12:00 PM to 3:30 PM at the Anaheim Cultural Arts Center. This group has been working on silver channel work under the guidance of Ed Zinn. Some members have now started wire wrapping with Clare Gagnon. Schedules for February, March and April follow:

February 7th - Silver Channel
 14th - Silver Channel
 21st - Silver Channel and Wire Wrapping
 28th - Silver Channel and Wire Wrapping

March 7th - Silver Fabrication and Scrimshaw
 14th - Silver Fabrication and Scrimshaw
 21st - Silver Fabrication and Scrimshaw
 28th - Silver Fabrication and Scrimshaw

April 4th - Silver Fabrication and Wire Wrapping
 11th - Silver Fabrication and Wire Wrapping
 18th - Silver Fabrication and Wire Wrapping
 25th - Silver Fabrication and Wire Wrapping

There will be one or more persons available at each session to assist and guide anyone desiring to work in these scheduled programs.

Louis
 Clare Gagnon

FOR SALE:

ENTOW - CAR TOW TRAILER (dolly) \$ 800.00
 (used only twice)

New tires
 Spare Tire
 Chrome Rims
 Swivel Tow Bar

Original Cost new \$1,395.00

Bill Lynn (714) 978-0287

SPECIAL NOTICE

The Searchers plan an update to the CB Roster. Please help us get all the current information so we can coordinate a useful list. Tonight we will pass a questionnaire for you to fill in. The new Roster will be published in a future issue of our Bulletin.

Thanks for your cooperation.

Milly Arvanites

SUNSHINE

Jay Cole had gall bladder surgery at Anaheim Memorial Hospital. He is convalescing at home and doing well.

June Dennison is going into the hospital for an angiogram. She has not been doing so well lately.

Evelyn and Harley Wilder will appreciate cards from friends.

Froma Reiter had cataract surgery.

Hope all who've had flu and colds are better now and enjoying the sunshine.

Doris Pelfrey

THE LUNCH BUNCH (CRAFTERS)

The craft ladies are really making progress. Turn out has been terrific. Potluck lunches have been great.

Our meetings will be Feb. 27, March 6, 13, and 20th at 9:30 A.M. at Jan Gillette's home.

We are badly in need of slabs (about 4 inches), also need someone to cut obsidian and smooth edges for chimes.

Please, ladies and men, we need a donation of an afghan or other items of equal value to sell on Set-Up day (before the show). In the past it has been a good money maker for the club.

Again this year we are asking for you to start plants for us. Mary Parsons will be in charge of all plants.

Come join us on Wednesday, help your club, enjoy the fellowship and have lunch.

Jan - Bev - Margaret

ROCK AND GEM MAGAZINE

21 Searchers Take Advantage of Rock & Gem's 2 For 1 Offer.

January 30th, 21 subscriptions were sent to Rock & Gem in response to a show of support aimed at our hobby!

Thank you Rock & Gem. Keep up the good work. Your publication is enjoyed here.

QUARTZSITE, 1991

There were 19 rigs camping at the Golf Course. Two came in on Sunday, four on Monday and others from Tuesday until Thursday and Friday. Some left Saturday for Tucson and other areas and others left Sunday. Six rigs stayed until Monday.

At least 12 other Searchers were seen in Quartzsite, but stayed in the BLM Campgrounds or RV Parks. The weather was the best the Searchers ever experienced in Quartzsite. Beautiful hot days and cool nights; shorts and tank top weather. We had campfires every night except Wednesday.

Wednesday during our "Rocktail Hour" a small tornado type wind raced through our campsite creating havoc - no damage to anyone or their rigs, but powdery dust everywhere. Everyone scurried around and get things back in reasonable order before going to dinner at "The Mother Lode Steakhouse" (a huge tent set up behind our campsite) for BBQ steaks and chicken, good Country Western music and dancing. Eighteen of us in all had just settled down with our salads when yet another small tornado came through tearing some of the tent sides down and filling the place with dust. The place was filled with people and many of them left, but not our diehard Searchers. The proprietors made the repair to the open side and proceeded to serve our dinners and they were good in spite of all the confusion. It was like a windy Searcher Thanksgiving campout.

Every evening was "Show and Tell" during Rocktail Hour and our campfire popcorn was super thanks to our Good Sam neighbors, Jim Everitt and Mary Nelson.

Friday evening Floyd and Margaret Neeley hosted a Rocktail Party to celebrate their new "Rounder Bounder" and their 41st Wedding Anniversary. It was a fun filled trip.

January 1991 Field Trip Report

Unfortunately, I was unable to attend the Stoddard Wells Field Trip since I came down with the flu. In my place Milly and George Arvanites recorded the names of all Searchers in attendance and any special events that took place on the weekend. I greatly appreciate their help in collecting the information for this report. Thirteen Searchers were at Stoddard Wells by Friday evening with a total of 24 on Saturday. Friday night they all got together and had a campfire. The weather was constantly changing but it turned out to be the best weather the Searchers have experienced at Stoddard Wells this time of year. Searchers were busy selling and trading materials with others but few if any did any actual collecting at Verde Antique. Most people stayed and sold or traded material. As the weekend progressed the weather became more and more cold. By Sunday evening it was raining off and on and by Monday morning there was a light dusting of snow in the surrounding mountains. It sounds like everyone had an enjoyable trip!

Walter Mock

Survey Results and 1991 Field Trips

First, I would like to thank all of the members who either brought their field trip forms to the January meeting or mailed them to me. It shows great resolve in effecting the way that the field trips will be run during 1991. I would also like to thank those individuals that have provided me with information on the unknown locations listed in last month's newsletter. Only 24 families responded to the field trip poll out of our total family membership of well over 130 families. This means that 106 or more families either can not or do not want to participate in Searcher's field trips. Field trips have been the binding force among the membership since the club's foundation. Members who miss out on field trips are denying themselves the greatest joy that any rockhound can experience - the actual collecting of material that one can treasure in its natural state or craft by hand. Please participate in club events so that this can be one of our strongest years yet. The following were the collecting sites selected: 1) Chambless/Cadiz (21x) 2) Crestmore Quarry (19x) 3) Last Chance Canyon and Stewart Lithia Mine/Pala (13x) 4) Chuckawalla and Copper World (12x) 5) Tecopa Hot Springs/Kingston Mtn and Deep Springs and Champion Mine and Hector Hills/Lavic (11x) 6) Hunter Mtn and Felix Fluorite Mine (10x).

There was no obvious selection for an extended field trip so I have chosen to gage responses from several of the more active members that participated in previous extended field trips. The result was an extended field trip that will take us through Arizona, New Mexico, and Colorado. The field trip has been designed so that there will be three breakpoints for Searchers who cant make the entire trip. There will be two days of collecting in Arizona near Quartzsite. This is the first breakpoint for those who cant go on further. The next stop will be in New Mexico - Rockhound State Park, Blanchard Mine, Nitt and Graphic Mines, Kelly Mine, and the Harding Pegmatite. Searchers have two days to get to Deming, New Mexico. A two group convoy can will be used - one for those who want to get to Deming in 1 day and those in 2 days. There will be a total of 5 days of collecting throughout New Mexico. This is the second breakpoint for those who cant go on. Finally, several collecting localities in Colorado - Calumet Iron Mine, Ruby Mtn, and Crystal Peak Claims. Some of the sites require a minor fee and some collecting sites will allow camping at the site area. The Columbine Mineral Society (Salida, Colorado) will be sending me information on their scheduled field trips and also who to contact if we need a local guide. If there are any other trips during the timeframe of our trip I will arrange for our access as well. I have also requested information from the local camping/RV facilities. All of the towns have motels for those who cant stay in camp. Please do not hesitate to participate in the field trip up through atleast one of the breakpoints.

This trip will provide some of the most diverse collecting that has taken place in the history of the Searchers. This will be an historic trip since it will be the first

time that the club has gone to either New Mexico or Colorado and because everything from fire agate to complex mineral specimens will be available if you are willing to expend the effort. Please let me know if you are interested as soon as possible and I will put together a presentation of self-collected minerals and a breakdown by collecting site at one of the future meetings.

1991 Searchers Gem and Mineral Society Field Trip Schedule

January 18-20	Stoddard Wells
February 8-10	Tyson Wells/Quartzsite
March 8-10	Chambless/Cadiz
April 12-14	Chuckwalla/Desert Center
May 24- June 9	Extended Field Trip to New Mexico & Colorado
July 19-21	Big Pine/Deep Springs
August 16-18	Rainbow Ridge/Ridgecrest
September 13-15	Last Chance Canyon/Red Rock Canyon
October 11-13	Copper World Mine/Cima
November 28-31	Tecopa Hot Springs/Kingston Peak
December 14	Searcher's Christmas Dinner

Some of the trip dates may be switched but all of the trips shown will be taken in 1991. All field trips are shown as starting on a Friday evening which is typical for most campers. This provides a full day of activities on Saturday rather than wasting half of it driving. Although members showed interest in both Pala and Crestmore I have opted to provide members with the appropriate contacts to arrange their own day trips since these trips are better taken on an individual basis. I did not feel that they would serve as good collective field trips. For Pala contact the Gems of Pala store at 619-742-1356. They sell buckets of material for \$10, \$25, and \$50 depending on the proximity to a gem tourmaline pocket. For collecting at the world famous Crestmore Quarry contact Ruth Kirkby, Jurupa Mountains Cultural Center (714)-685-5818. The fee is \$15 dollars (prepaid) per person and trips are usually held on Sunday Mornings at 8:00 AM. Access to this site will be limited since new owners are going to reopen the quarry commercially so call immediately for reservations or you may miss out on collecting at this historic locality.

WJM

Orange County Gem and Mineral Council

Unfortunately, I was unable to attend the meeting since I was down with the flu but I was provided with notes from the Secretary of the OCGMC, our own Nancy Kramp. The January 19th OCGMC meeting had representatives from all of the member clubs and associations. The CFMS Show in San Jose, CA will start June 14, 1991. Clare Gagnon provided a list of speakers available to other organizations for presentations from the Facetor's Guild. The OCGMC logo pins and patches were discussed as well as the materials. Plastic may be a good choice for the pins and badges. Todd Schowalter expressed interest in getting full support for the Orange County Fair from each of the clubs in the OCGMC. He would like to see demonstrations of lapidary skills and needs to know how the Searchers will help. The deadline for our input is April 1, 1991. Please contact either Todd Schowalter or myself if you feel that you can help support this activity in any manner. The OCGMC bylaws were discussed, corrected, voted on, and approved at the meeting. The Orange County Museum of Natural History sent Rose Martinez to the OCGMC meeting as a representative. She was subsequently elected into the OCGMC as a permanent member. She discussed the needs of the OCMNH and in particular said that they need help in their workshops and school outreach programs. They will provide training for conducting these programs. Dick Knox is going to be overseeing the development of the Science and Geology exhibits at the OCGMC.

WJM

February Field Trip Report

Unfortunately I have again missed another field trip. I had a relapse of the flu which hit me even harder than the first time. Fortunately my fellow Searcher's have proven to be as helpful as ever. Bill Keyes took down information on the attendees and any significant events which took place. Many thanks to Bill. There were a total of 19 rigs that showed up at the Golf Course by the end of the week. Two rigs had arrived on Sunday the 3rd with another four by Monday the 4th. The total number of Searchers in attendance was estimated at 36 people at the Golf Course with another 12 members seen over Saturday the 9th and Sunday the 10th. The weather was reported to have been the best that the Searchers had seen at Quartzsite. The days were in the seventies and the nights down to the forties with only an occasional sandstorm. A rocktail party was held and one of the best events was steak dinner at the Motherlode on Wednesday the 6th. A spectacular display of crafted items was available for viewing at the QIA building. There was also a great wealth of material to be seen and bought at all of the local rock show facilities. A great deal of fun was had by all Searchers. Hope to see you on the March trip to Chambless.

W/M

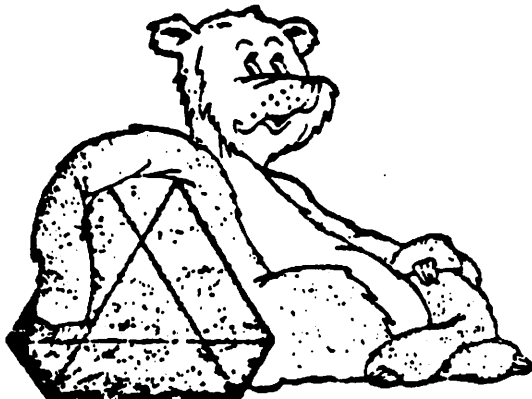

1991 GOLDEN BEAR SHOW

CFMS SHOW AND CONVENTION

Hosted by CALIFORNIA FEDERATION OF MINERALOGICAL SOCIETES

JUNE 14, 15, 16, - 1991

Fri., Sat. 10 AM - 6 PM., Sun. 10 AM - 5 PM

**SANTA CLARA COUNTY FAIRGROUNDS
SAN JOSE, CALIFORNIA
Camping Available**

Adults \$4.00

Juniors (12-17) \$2.50

Children (11 and under) free with an adult

EXHIBITS: Minerals, fossils, gems, handmade jewelry, etc.

DEALERS: Jewelry, carvings, specimens, lapidary supplies.

**SHOW CHAIRMAN: Ruth Bailey, 2857 Addison Place, Santa Clara, CA 95051
Phone: (408) 248-6195**

March 1991 Field Trip

March 8, 9, 10

Chambless/Cadiz/ Marble and Ship Mtns.

Nearest supplies - Ludlow or Barstow Approximate driving time - 4 to 5 hours

What to Bring?

- Water
- Food
- Firewood
- Putty Knife
- Picks
- Chisels
- Rock hammers
- Sledgehammers

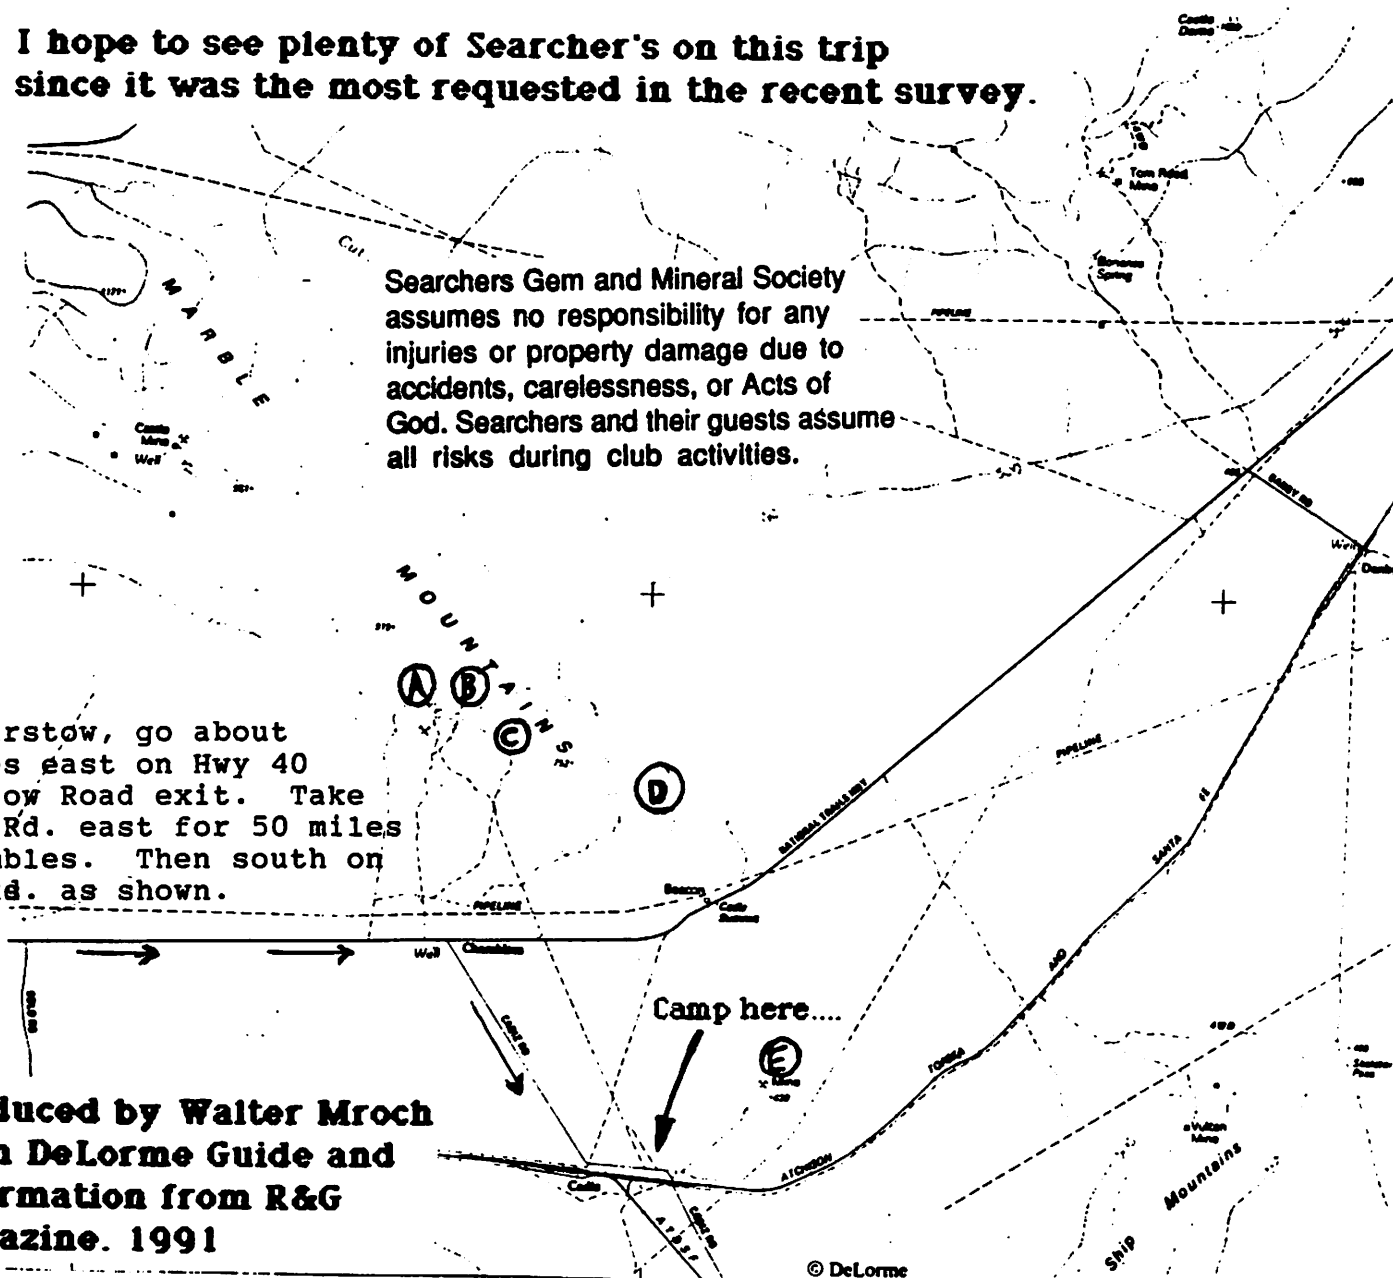

What to Collect?

- Site A - Hematite, magnetite
- Site B - Limestone, dolomite, fossils
- Site C - Hematite, magnetite, epidote, garnet
- Site D - Fossils, limestone
- Site E - Fossils, limestone

I hope to see plenty of Searcher's on this trip since it was the most requested in the recent survey.

Searchers Gem and Mineral Society assumes no responsibility for any injuries or property damage due to accidents, carelessness, or Acts of God. Searchers and their guests assume all risks during club activities.

From Barstow, go about 50 miles east on Hwy 40 to Ludlow Road exit. Take Ludlow Rd. east for 50 miles to Chambless. Then south on Cadiz Rd. as shown.

Produced by Walter Mroch from DeLorme Guide and information from R&G magazine. 1991
